

AUDIBLE AND VISUAL ALARM

Voltage Detector

The AV-40 is a non-contact voltage indicator with an audible and visual alarm to indicate the presence of voltage, with an operating range from capacitive test points / secondary voltage to 40kV (Line to Ground). Activation threshold meets ASTM requirements.

- Non Contact Audible Visual detector for Underground & Overhead Applications
- Calibrated threshold is Minimum Approach Distance for each Overhead Setting
- Meter Assembly is over voltage protected
- Incidental direct contact will not damage the unit
- Watertight construction
- Fully repairable for a low cost of \$75 after 1 year free replacement warranty expires
- Super bright LEDs and ultra loud horn guarantees operator seeing & hearing unit
- Built in Test position is standard for all units
- May also be used as a direct contact voltage detector
- Standard Universal/Grip All Adapter is included with every unit
