VIAV300 Voltage Detector

A Combination Proximity-Direct Contact Meter

The VIAV300 is a combination Proximity-Direct contact voltage indicator with an audible and visual alarm to indicate the presence of voltage, with an operating range from 240V to 300kV (Line to Ground). Activation threshold meets ASTM requirements.

- Dual application design
- VIAV300 Audio Visual Voltage Detector Detects 0 to 300kV line-to-ground (0kV to 500kV phase-to-phase)
- An Easy-to-See 360 degree light array with a 112 decibel alarm
- A Proximity or Direct Contact Meter on Overhead and Underground Systems
- It can Detect Voltage from the Ground on Bare Overhead Lines when Hand Held
- Test Capacitive Test Points and Secondary Voltage on Bare or Insulated Cables
- The Detector Indicates Line-to-Ground Values for Nominal or Induced Voltages
- Water Resistant, and have a Strong Construction Designed to Withstand Wear
- Contained in a Highly Durable Canvas Bag

**Made in the USA and
Serving the Industry Since 1986**
